NEW RESEARCH SHOWS...

Half of the over 60's have had regrets that they were not reckless enough in their youth!

More than 30% of those polled reached a certain age where they vowed to live more adventurously.

The average person polled actually feeling at least 10 years younger than their actual age.

Helen Mirren's recent bikini confidence was also a source of inspiration with nearly half saying they would follow suit if they had her body.

7 out of 10 felt excluded from living more adventurously feeling there aren't enough activities aimed at people their age and that certain things weren't seen as acceptable for them to try.

IF you are one of these 7 out of 10 folk then do come along to the activities in this eNews and we will make you most welcome.

Equally please do pass on this email to anyone you think who might be interested in our activities at the TCC and/or St James' Church.

PS

The research also found that in the under 35's one in five said their parents/grandparents had a better social life than they do themselves... so if this applies to you then please do come and join us too!

“WALKING” in aid of
Stratford’s NEW Hospital

COMING SOON!

This Saturday at YHA

Tour of Mont Blanc

The Tour du Mont Blanc is one of the most exciting long distance wilderness walks in Europe.

Taking about twelve days the Tour du Mont Blanc takes you on a high altitude 120 mile trek through France, Italy and Switzerland in a circular route around Mont Blanc with a combined height gain and loss of around 33,000 feet.

Views en route are spectacular, refuges are memorable, the people you meet are remarkable and the sense of wilderness awe inspiring.

Pauline Busby & Topsy Abercrombie

Have decided to **raise money for the new cancer unit that will be opening at Stratford Hospital** in the near future.

You can read all about their plans if you click the link on this page; but suffice to say, it will help many people who are undergoing chemotherapy to have their treatment without having to travel the distances that they currently have to do.
